From the Secretary's Desk

With great excitement and sincerity I present the Annual report 2019-20 which is indeed reflection of past one year activities and achievements. We, with consistent effort reached out to the underserved marginalized, and deprived communities to wipe out darkness of poverty, illiteracy and exploitation through transformation of knowledge and education, technical skill, engagement in income generation activities and participation in government welfare schemes and policies.

In the past 25 years, women populations have progressed lot uplifting their social, cultural, political and economic conditions through knowledge & education, technical skill, leadership skill, participating in three tiers Panchayati Raj System and deliberately raising voice for rights from different forum/platform. They journeyed their life from self-help group member and gradually engaged in Panchayati Raj System, hundreds jumped to Zila Parishad Parmukh and or Member of Legislative Assembly. Moreover, I especially thank all those 27650 dedicated women whose spirit and relentless efforts have resulted Dramatic Change in their economic share and lifestyle. But, what achieved are just a matter of satisfaction rather than what we strive for.

Our goal is that each individual regardless of gender has equal opportunity of education, employment, expression, cultural dignity, equality and freedom of expression, decision, movement and growth and the least that no human being has to sleep hungry.

Children have ever been most vulnerable and all sorts of consequence of sufferings and violence have been faced by them. NIRDESH committed to provide safe-protective environment to children in the intervention areas and I personally thank the high spirit and the great effort of the team engaged in Care & Protection of children. Their inclusive efforts in programs like CHILDLINE 1098, Children Home for boys & girls and SAA, and Education Programs in 4 districts have served about 8650 children (boys & girls). Under care & protection above 2435 children rescued, cared and restored to respective families. About 49 girls protected from under age child marriage. About 2101 girls are getting education from 70 learning centres. This big mileage could be achieved due to collective efforts of various departments of many State Governments including Government of Bihar, Child Welfare Committees, District Administrators of Government of Nepal, networking NGOs across countries and I on behalf of NIRDESH is grateful and sincerely thank them.

We are grateful to our donors & partners who trusted us and provided continued technical as well as financial supports for achieving the goal and objectives of different programs/interventions. We also thank all the team members particularly ground level workers, technical and management resource groups, community opinion leaders, Panchayati Raj Functionaries and Multi-Stakeholders like Government Officials, Civil Societies & Media whose combined collaboration credited in grounding significant improvement of communities for whom we are committed.

Goal	Our goal is to build happier, healthier society; society where every individual has equal opportunity to develop and progress in social harmony and do contribute in Nation Building.		
Vision	Expanding programming, becoming greater part of the community, and continuing to partners and work with promising leaders to transforming positive change in our field of work.		
Mission	Reach to the bottom-line communities with developmental programmes & services for all round transformation that positively impact Lives.		

Organisation Profile

NIRDESH is one of the premier women & child centred social service organization of Bihar established in 1995 by a group of experienced social activists in the leadership of renowned social leader Ms. Viji Srinivasan with the mission: Reach to the bottom line communities with developmental programmes & services for all round transformation that positively impact their Lives.

It started working among rural marginalized women uniting women at SHG platform, from where they have the liberty to acquire knowledge, leadership skill, entrepreneurship and access to microfinance for business enterprises owing to financial control. As time wheel moved on more than 20000 SHGs with about 250000 members are flourishing across 2 states. Presently, thousands of SHGs members are engaged in varieties of economic activities. Moreover, hundreds of them are part of Panchayati Raj Institutions. Consistent handholding support by this organization enabled them dialogue with government stakeholders and policy makers and insisted government to bring acts/policies that are beneficial for women community and are pro poor. Earmarked contribution by Elected Women Representatives & SHGs in collaboration with government are Acts/ policies preventing women violence, alcohol production and sale, child labour, child marriage and dowry system. These Acts/Policies have positively impacted thousands of lives of women and children. Prohibition of alcohol in Bihar has drastically improved the living status of women and children, reduced domestic violence and controlled underage child marriage to great extent. But there are lots to be done in terms of sexual violence and child trafficking/child labour for which our SHGs and Elected Women Representatives are consistently working and needs handholding support jointly from government and women concern partners.

Improvement of community health began from Training to AWWs, Reproductive Child Health, HIV/AIDS related thematic programmes bridging the gap between community and health services. To end modern slavery or child labour from Bihar and to serve the distress children in the locality, the organization is closely working with state and district administration in collaboration with Social Welfare Department/State/District Child Protection Society/Units under the flagship programme Integrated Child Protection Scheme. **It is based on cardinal principles of “protection of child rights” and “best interest of the child”.** And to support government initiatives for ensuring free and quality primary education to all children in the age group of 6-14 years under RTE Act, 2009 with special thrust on girls from Dalit, Mahadalit and Minority communities, the organization is running 80 Learning centres in selected blocks of Patna and Madhubani districts.

Our focus area of intervention are:-

1. Livelihood Initiatives 2. Health & Nutrition 3. Child Education and Protection 4. Vocational Skill & Employment 5. Panchayati Raj and Social Inclusion

Livelihood Initiatives

We facilitate livelihood initiatives through community driven structure (SHGs) / Federations under micro-finance / bank linkage / self-financing. The economic activities are setup after rigorous leadership development and skilling / entrepreneurship training. Presently in 2 districts of Jharkhand with the support of Jharkhand Tribal Development Society, 500 SHGs and 68 Youth Groups are associated with banks and about 99% have received seed capital and livelihood projects like goat farming, poultry farming, piggery, vegetable cultivation, rabbi cropping (wheat, pulses, oilseeds, vegetable), SRI method rice & wheat cropping, nutrition garden and fruit garden. Irrigation well and shallow well has been constructed for farmers groups and for irrigating field pump set distributed. Animal sheds, Bio-gas plant and Farmers service centre constructed for beneficiaries.

Health & Hygiene

We provide healthcare support to mothers (pregnant and lactating), eligible couple, children including new-born, infants, young children, adolescents, elderly persons and people living with HIV along with HIV infected children.

Programmes like Improving Health of Mother and Child; Targeted Intervention Project, Vihaan Care & Support Centre and Link Worker Scheme are programmes that serves community health problems.

Girl Child Education

We support the education of most marginalized children particularly young girls through learning centre and mainstreaming for formal schooling, with the aim that they stay in school and complete schooling. Girl Child Education Program is implemented in Paliganj block of Patna district and Laukaha, & Jhanjharpur blocks of Madhubani district.

Child Care & Protection

We also care and protect children from any forms of exploitation- be it child labour, child trafficking, child sexual exploitation, physical and mental torture. Programs like CHILDLINE 1098, Children Homes, SAA, Addressing Child Marriage and Child Labour respond to care & protection of children.

Vocational Skill & Employment

Under various programmes and especially through NIRDESH run Jan Shikshan Sansthan vocational skill and employment are provided to thousands of youths for economic upliftment. About 19000 people trained and about 12000 are engaged employed/self- employed since, 2009.

Panchayati Raj and Social Inclusion

About 3500 elected women representatives (PRIs) empowered as Champion Leaders from Muzaffarpur, Sitamarhi and East Champaran districts are addressing addiction, domestic violence, child marriage, child labour, human trafficking and linkage marginalized communities with social entitlements and social welfare schemes. These PRIs have been empowered to monitor different village level institutions like schools, anganwadi centre, VHND and health service centre and report to the concern departments & pursue for demanding better services. We are working for the rural and urban poverty alleviation among SCs, OBCs, Minority and those under BPL.

COVID Response and Emergency Relief

During these challenging and uncertain times, the organization remains committed to supporting the most vulnerable communities. As lockdowns are being imposed across Bihar, the impact of the covid-19 pandemic has put an enormous strain on vulnerable groups, especially migrants, women and children. In the district where we operate, children and adults in forced or bonded labour are facing hunger, disease, abuse and an inability to move to safe places. These vulnerable groups have been provided rations assistance to minimize their trouble.

NIRDESH gradually extended its activities in 142 blocks of 09 districts of Bihar (Muzaffarpur, Sitamarhi, Shivhar, East Champaran, West Champaran, Darbhanga, Madhubani, Vaishali and Patna) and 02 districts in Jharkhand (Sahibganj, and Godda).

Objectives

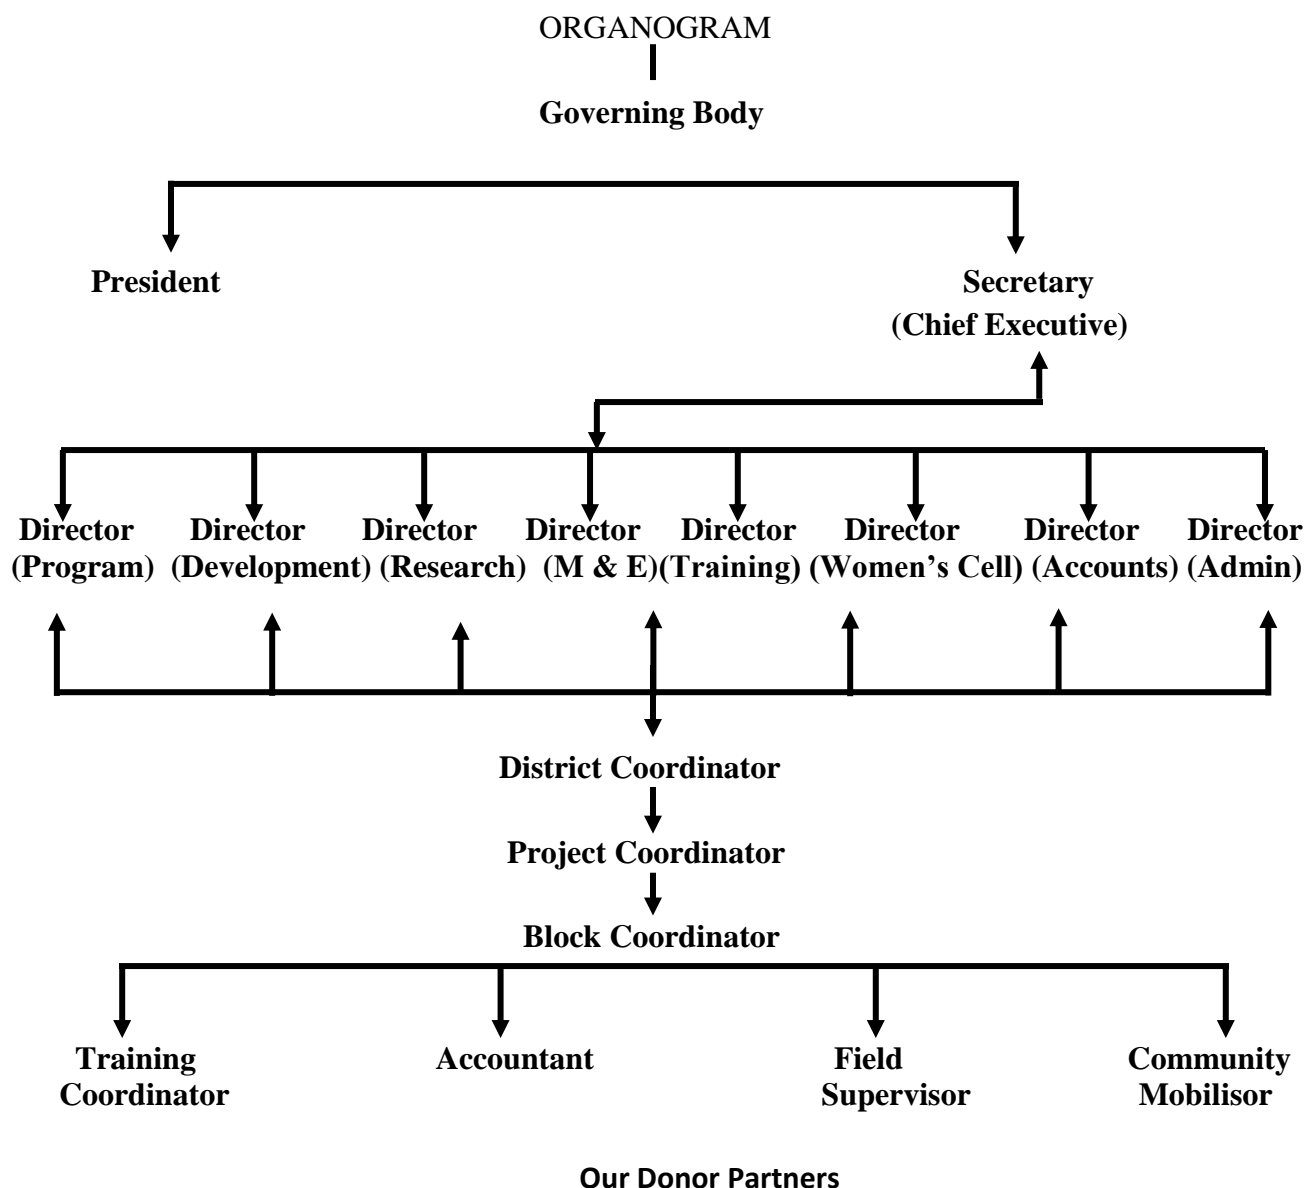

- To implement rural development programmes for the upliftment of the weaker section of society without any caste and creed;
- To provide income – generating programmes and increase employment opportunity for the weaker section of society;
- To expedite social welfare programmes;
- To sponsor programmes of health, care and family planning;
- To provide conduct/sponsor basic services including education for children;
- To implement Youth programmes, especially through youth leadership training, training in skill of non- students, organization of youth camps for national integration, survey and research work, seminar and conference etc.
- To conduct or sponsor vocational training programmes;
- To promote the application of science and technology;
- To facilitate, spread and enhancement of education, literature and music according to knowledge of the people;
- To establish, construct and maintain educational institutes; excluding technical and Medical Institution;
- To promote agricultural activities and ensure protection of animal husbandry;
- To organize relief works during natural calamities;
- To promote library science by sponsoring diploma courses, workshop and training;
- To make arrangements for women development through credit programme and awareness generation;
- To do relief works for orphans, the poor, the aged and the destitute.

Our Policies

Human Resource Policy	Child Protection Policy
Finance Management Policy	Prohibition of Sexual Harassment at Workplace Policy
Procurement Policy	Safeguarding Policy

Management	The Governing Body is a policy and decision making body to implement policies and programmes framed for each unit undertaken by NIRDESH
-------------------	--

Ministry of Rural Development, Ministry of Skill Development & Entrepreneurship, Ministry of Women and Child Development, Department of Social Welfare/State Child Protection Society, Directorate of ICDS, NACO/BSACS, Department of Housing and Urban Development, Jharkhand Tribal Development Society, NABARD, CHILDLINE India Foundation, The Hunger Project, Centre for Catalyzing Change, The Freedom Fund, Geneva Global Inc., Kfb, The Hans Foundation, India HIV/AIDS Alliance, the IIMPACT, Indo German Social Service Society, Women Development Corporation, Plan India, UNICEF, UNDP, World Bank, UNFPA, WomenPowerConnect, Heifer International, Care India, Project Concern International.

The ICPS: Objectives

ICPS brings together multiple existing child protection schemes of the Ministry under one comprehensive umbrella, and integrates additional interventions for protecting children and preventing harm. ICPS, therefore, institutionalize essential services and strengthen structures, enhance capacities at all levels, create database and knowledge base for child protection services, strengthen child protection at family and community level, ensure appropriate inter-sectoral response at all levels. **It is based on cardinal principles of “protection of child rights” and “best interest of the child”.** Its objectives are:-

- Provide a safe and secure environment for overall development of the children in need of care and protection and children in conflict with law
- Contribute to the improvement in the well- being of children in difficult circumstances
- Reduce vulnerabilities to situations and actions that lead to abuse, neglect, exploitation, abandonment and separation

CHILDLINE 1098 Service, Children’s Homes and Specialized Adoption Agency (SAA) are three such forefront programmes under ICPS.

CHILDLINE 1098 service is a national, 24 hour, free emergency phone and outreach service for children in need of care and protection in the age group of 0-18 years. It is currently operational in 512 cities across 32 states and UTs in the country. Our Target Groups children are as follows:

Street Children	Abused Children	Engaged in substance abuse	Orphaned, abandoned, destitute children
Working Children	Affected by conflict & disaster	Children from families at risk	Missing, lost & found children
Trafficked Children	HIV/AIDS infected, affected children	Differently abled children	Children in Conflict/ Contact with Law

NIRDESH, a collaborative organization in Muzaffarpur and Purbi Champaran districts, works closely with district administration to provide all possible services to any child in distress condition. CHILDLINE Muzaffarpur is at forefront of service since March 2011 while CHILDLINE Purbi Champaran executed services from January, 2016. CHILDLINE conduct intensive activities on major Child Protection issues in preventive & saturation mode in respective activity blocks of both

districts. The organization has been constantly effortful to bring out all those children from distress who could be contacted through phone service, network, alliance wings, police administration, public relationship, local panchayat body, children forum, etc. Community mobilization, events celebrations with strengthened alliance wings coordination and open house sessions among school /out of school/dropout children have been intensively continued within and around the neighbouring districts since inception of the programme. These resulted easy access to distress children coming out from the critical situation to healthy environment where each could breathe and feel the beauty of nature, fragrance of happiness, peace and comfort. Open house sessions has provided open space where each children did openly expressed their feelings, anxieties, difficulties and hardships pledging elders ensure commitment to children's rights. These open houses resulted into improvement of school infrastructures, facilities and educations to children followed by free book supply, scholarships, school uniforms, cycles and improved mid- day meal. It also changed the mindsets of parents, teachers, communities and panchayati raj functionaries.

CHILDLINE Programme is guided and favoured by CHILDLINE Advisory Board (CAB)/District Child Protection Committee under the chairmanship of honourable District Magistrate for its effective implementation, and addressing child related issues. The allied system is always at forefront for assured child's protective rights and space. Networking and Coordination with Multi-Sectoral Departments collating with the outreach activities, protected 7285 children since inception of which **in financial year 2019-20, 1602 children received CHILDLINE services.**

Railway CHILDLINE, Muzaffarpur

Railway CHILDLINE is operated by NIRDESH Collab in Muzaffarpur district since October, 2019 to address child related issues associated with railway network services. CHILDLINE conduct intensive activities on major Child Protection issues in close coordination and networking with allied system/administration engaged with railways. The organization has been constantly effortful to bring out all those children from distress who could be contacted through phone service, railway administration, railway network, alliance wings, police administration, public relationship, children forum, etc. Community mobilizations, events celebrations, strengthened alliance wings and open house sessions among school / out of school / dropout children of railway quarter residents around the neighbouring stations did help in wide dissemination of Railway CHILDLINE services and assured child protection. In financial year 2019-20, 60 children (49 boys, 11 girls) rescued and sheltered by railway CHILDLINE. Out of these 60 children 16 were child lost/abandoned, 43 runaway and 01 child trafficked. 01 child has been provided medical treatment and cured. Furthermore, of these 60 children, 11 contacted through 1098, 26 through outreach and 23 through GRP/RPF.

Advocacy and Special Drive:

Information on special event conducted by railway CHILDLINE team – Like CSD	One week long (14-21.11.2019) Childline se Dosti week was celebrated.
Initiatives taken towards visibility of CHILDLINE at railway premises	Posters, Banner and other IEC materials as done for visibility of CHILDLINE so that people can aware about 1098 toll free number and easily contact for rescue of children from distress condition and support to be provided for protecting child rights. Wall painting and flex banner in under process for free place permission.
Major advocacy efforts with railway authorities and its impact	<ul style="list-style-type: none"> • Liaising with officers of Rly. officers, DALSA, DCPU, CPO and CWC chairperson in the district for carrying out the activity for generating awareness about child rights, JJ Act, SOP of Railway and POCSO Act so that if any child get abuse must be aware and to who he/she will raise their voice, attend the crime meeting call by Rail SP also for the same of above. • Children taking shelter at observation home are being regularly being sensitized on their rights and several mobilization activities with them took place so that they never be repeatedly do any crime/offence. • Meeting with officers and Rly. Officials IG (RPF, CPRO, ASC by CHILDLINE team during CSD and slogan shouted by children about their rights and sensitized them to continued their study and live a

	<p>better life with dignity and behave like a good citizen as children are future of our nation building.</p>
<p>Attended the program / workshop or participated in training (please mention the brief of program)</p>	<ul style="list-style-type: none"> • Attended PFMS training in the month of January,2020 with other CHILDLINE partners organized by CIF. • On dated 13.02.2020 under the chairmanship of DDC sir CAB meeting was held and all the members participated and the DDC sir given order to all the respective departmental heads to increase CHILDLINE 1098 visibility in their areas through using wall writing and display of 1098 number so that anyone can make call to 1098 in protecting the children from getting abused and even CHILDLINE team working in the Rly. Platform, blocks and at district is also doing its outreach activities so that public can be aware about 1098 number and role of Childline and children rights can be protected at priority. • Case study of children being intervened was regularly prepared and share to CIF.
<p>Initiatives taken towards publicity of CHILDLINE</p>	<ul style="list-style-type: none"> • During independency, republic day celebration in the District Jhanki was carried out in which CHILDLINE 1098 banners were displayed for increasing its visibility with other line departments and also pamphlets were distributed and slogan shouted on child related issues and 1098. • CHILDLINE-1098 dissemination on the eve of Gandhi Jayanti and Sardar Ballabh Bhai Patel celebration with children on station.
<p>Advocacy initiative taken by Railway CHILDLINE team as per CAP target</p>	<p>With the local Railway official (SS, IOW, GRP, RPF, SSE ELE., CTI CCI, CHI) advocacy were done for display of information about CHILDLINE to all people and stress was given to give priority to children, orphan children, special need people, with the RPF and GRP personnel if any case come in their notice about child abuse immediately call to 1098, respective team head and support to be provided immediately so that intensity/risk of getting abuse can be further avoided.</p>
<p>Any Innovation</p>	<ul style="list-style-type: none"> • Survey for vulnerable areas done in its respective location and identify the vulnerable family (slum, nomadic, beggars etc. and people living nearby/adjacent to railway station and approximately 60 family

	<p>identified so that special drive can be started for awareness generation on child rights, CHILDLINE toll free number 1098.</p> <ul style="list-style-type: none"> • Preparation of resource directory of District with all allied systems contact number so that assistance in emergency can be used, CHG members also. • CHILDLINE team in their respective are actively supported the stakeholders in formation of CPC and they supported the Rail area level officers in formation of CPC so that such committee can actively act as vigilance to stop the violation of child issue such as child labour, child marriage etc and they come forward to stop the misuse and abuse of the children at priority. • Demonstration of hand washing by CHD in their respective locations with soap to children, women in vulnerable areas. children in shelter for generating awareness in terms of regular hand washing, use mask, maintain physical distance to avoid getting infected, do and don'ts of COVID-19 by their staffs. Community were sensitized on strictly wear mask, hand washing, social distancing and if urgent then only go to outside. With the district administration, railway staffs, RPF/GRP announcement done for generating awareness when passengers/labours get down at station from different location to maintain social distancing, use of mask. Regular hand wash, demonstration of social distancing at station.

Children's Home

NIRDESH run and manage Children's Home for Boys in Muzaffarpur and children's Home for Girls in Motihari in partnership of **State Child Protection Society, Government of Bihar**. Both are 50 bedded home for children in difficult situations, abandoned, lost / missing, trafficked, child labour, victims of sexual harassment, orphans, run away from home, adolescent love affair left home for living together etc. Homes are spacious, airy and daylight rooms, well equipped with furniture, homely appliances, recreational materials, utensils and beds. Homes provide all the basic amenities (food, shelter, cloth, toiletries, medicines, study materials, games items, etc.) to children in healthy, hygienic & homely environment.

In addition to these, recreation, games, yoga, art & crafts, music and e learning education facilities are provided to inmates and various other events are observed to ensure their overall development for mainstreaming in the society. The home staffs are working round the clock enabling children to prepare towards glorious future.

In this financial year as much as 135 boys and 140 girls in-housed for proper care and family reunification whereas 130 boys and 116 girls restored to their parents, while 09 boys transferred to their local district for family reunification. 36 boys and 50 girl mothers along with their children are in-house in both Children Homes (boys) and (girls) at Muzaffarpur and Motihari.

Status of Boys & Girls in Homes in F.Y. 2019-20

[ADJ, Muzaffarpur Review in Children Home (Boys)] [ADM, Muzaffarpur interacts with boys]

Specialized Adoption Agency (SAA): Shishu Greha

Shishu Greha is a centrally sponsored scheme under Integrated Child Protection Scheme (ICPS) run through Government - Civil Society Partnership. NIRDESH under the guiding principle of State Social Welfare Department/ State Child Protection Society run and manage Shishu Greha or SAA in Motihari, East Champaran from November, 2016. The prime objective of the program is to care & protection of orphans/abandoned/ destitute infants or children up to 6 years and to promote their in-country adoption; Adoption from institutional care to non- institutional/family care in the best interest of child.

Shishuv Greha is a 10 bedded home where such children live in complete homely environment nursed by 6 Ayaas with mother touch and affection. Here children enjoy playing with varieties of toys. Since, inception, November, 2016 to 31st March, 2020 we cared 45 children bringing up in utmost mother touch and affection. They were regularly provided medical checkup by pediatric doctor and when needed medical treatment. Children lived in good health. 21 children have been legally adopted by families to different states within country. 05 children restored to parents and 07 children transferred to other SAA and 25 PAP did registration. At the end of 31 March, 2020 only 05 child left in Shishu Greha. In the financial year 2019-20, 11 children were admitted, 01 restored to parents, 01 transferred to other CCIs 5 children adopted by legal parents and 02 pre-adoption foster care. 05 child left in SAA.

IIMPACT-NIRDESH Girls Education Project

IIMPACT with the collaboration of Azim Premji Philanthropy Initiatives, Emirate Airlines Foundation and ACC Limited (Formerly The Associated Cement Companies Limited) provides educational opportunity to girls, from socially and economically disadvantaged communities of India, who traditionally have no access to schooling. Azim Premji Philanthropy Initiatives, Emirate Airlines Foundation and ACC Limited sponsored 30, 20 and 20 Learning Centres respectively. NIRDESH partnered with IIMPACT to run 50 Learning Centres in Paliganj, Patna and 10 LCs at Laukaha and 10 at Jhanjharpur in Madhubani where all non- school girls from 6 to 10 years from SCs, OBCs and Minorities communities get education for a period of 5 years from Standard I to V assuring maximum retention and then mainstream them in Government Schools with cent percent retention. 20 centres of Madhubani started from 20.09.2017. The Girl Literacy centres are run by trained teachers and have a student teachers ratio of 30:1. The Supervisors are accordingly placed in field to supervise, monitor and support teachers in field.

The Project Coordinator and Project Advisor support teachers& children, facilitate health check-up, welfare scheme linkage, inter-school exposure visits, picnic trip, engagement in celebrating school based events etc. Total numbers of girls benefiting from project are 2101. Quarterly based assessments of children are conducted across all centres and on the basis of performance class promotion are given to them. 600 children studying in Madhubani and 1501 children of Paliganj are studying in different classes. There are 71 children mainstreamed in government school in VI.

The Teachers are trained from 3 level to 5 level to equip with subjective learning to impart education of higher level and nurture values in girls. The teachers training are held for 5 days and 4 time training have been conducted for teachers of both districts. The sports competition are also organised at various centres for physical, and mental strength and social engagement.

The various other activities organised are Health Camp in collaboration with PHC, Environmental Protection Issue, National Days celebrations like Republic Day, Independence Day, Gandhi Jayanti, Balika Diwas, etc. The girls at our centres are also participating in drawing and singing competitions. For managing each centre, **71 Centre Management Committees (CMCs)** are formed and conducted 505 meetings while **729 Parents Teachers Meeting** conducted.

[Teachers conducting meeting with Mothers, at Paliganj] [IIMPACT Teachers Teaching Training]

NORTHERN INDIA HOTSPOT

NIRDESH in partnership with **The Freedom Fund/ Geneva Global Inc.** initiated concerted effort to **rapid reduction of all sorts of slavery/human trafficking** in 04 blocks of East Champaran district, Bihar. The programme implemented in 32 high migrated population villages of 4 bordering blocks. The programs focused on rescues, restorations, rehabilitation and repatriations of victims. For the said core activities, it carried out Support level activities like Net-working with Partner organizations, Strengthening Coordination with SCPs, DCPCs, CWCs and Service Centres, Coordination with Partners in Nepal, District/Block Level Advocacy Meetings with multi-sectoral departments, Formation and Strengthening of Community Vigilance Committees (CVCs), Capacity Building on Prosecution Process /Legal Support, Development of Calendars, Posters and Training Modules and Handouts, Information Dissemination through Wall Writing, Life Skill Education Programmes for children in schools and Meetings with Migrants. Home verification and rapport building in the new areas continued and community meetings held at several villages for wider spread and sensitization.

Significant Policy/Regulatory Changes

Issuing Circulars:

1. Letter No.: 925 dated 04.06.2019 giving instructions to all Govt. Officials (Administrative Dept.) to take necessary action against 'Human Trafficking, prohibiting Orchestra operation [Dance Troup]

2. Letter No.: 185 dated 06.04.2019 regarding strengthening of 'Child Protection Committees' at Panchayats & Wards
3. Circular/Letter issued for Training of Trainers for CPCs Formation & Strengthening and organized on 10.04.2019 at NIRDESH Training Centre, Motihari facilitated by NIRDESH & FF Partners
4. Letter No.: 212 dated 16.04.2019 regarding formation of CPCs at Panchayats & Wards by involving FF Partners (NIRDESH, Prayas, Duncan & IDEA) and other CSOs working for safeguard of children in East Champaran district
5. Circular issued & forwarded to BDOs, all Police Stations regarding control & management for prohibiting incidences of Child Marriage on Akshay Tritiya festivals scheduled on 07.05.2019

The impact of the above circulars widely sensitized the Govt. Officials, Police Station in charge and media coverage. No incidences occurred and in Blocks, Panchayats & Wards CPCs formation done. NIRDESH assisted in formation of CPCs in 04 targeted Blocks (Motihari, Chauradano, Bankatwa & Ghorasahan), in 15 Panchays&32 Wards in the coverage area blocks.

One meeting of CPCs organized at Blocks, Panchayats and Wards which is very encouraging that all the nominated members have taken it seriously and participated in the CPCs Meetings.

Progress towards systems-level change

- Circulars helped towards formation of CPCs at Blocks, Panchayats & Wards and the Govt. officials & PRIs Members immediately began formation of CPCs. They have been sensitized on the issue and hold meetings of CPCs at Blocks, Panchayats & Wards. They are accountable towards safeguarding of children. The ICPS schemes and uploading documents of children rescued from different areas on CLTS. The Social Welfare Department and Labour Department is took steps in rescuing children from hotels, tea stalls, and fast food venders working in such places. The District Rescue Team (DHABA DAL) and Railway Police are doing frequent raids. District Child Safety Net strongly emerged keeping in mind safeguard mechanism in place.
- These Circulars helped NIRDESH to participate in rescue operation with the district team, counseling of rescued children, timely home verification and preparation of **"Social Investigation Orders"** from CWC are done in collaborative and organized manner.

- Home Verification done for all the children rescued
- Counseling of children done with the guidance of CWC
- To provide proper institutional care for the children
- The girls were sheltered in the Girls' Shelter Home, Motihari
- Social Investigation Reports submitted to CWC
- Convergence of survivors' families with Government schemes
- Support for uploading children's details on CLTS

Training / Capacity Building

Migrant Labours Training:

In 2019 we had conducted 07 training for the Migrant Labours from 04 Blocks and total 199 male and 04 female migrant labours received training to work legally in the destination points. These 199 male migrant labours joined in the Network are supporting in the Northern India Hotspot programs from destination points.

Seven follow-up training conducted in 04 blocks in which total 203 migrant labours (Male-199 & Female-4) had received training. During the training the migrant labours identified the states where children are working in factories and hotels. In 04 blocks migrant labours team comprising 10 numbers who volunteered to work at the destination points. The migrant labours team committed to support in the NORTHERN INDIA HOTSPOT in Chennai, Bangalore, Mumbai, Rajasthan and New Delhi. These migrant labours team will pass information to NIRDESH as well as take support of CHILDLINE 1098 facilities.

- After the training the migrant labours collected contact details of FF Project Staff, CHILDLINE – number 1098 and the location of such units.
- They carried educative materials with them and volunteered to work steadily from their work place (Bangalore, Kerala, Chennai, Mumbai, Kolkata, New Delhi).

Refresher training to 128 active CVCs Members on Legal Aids/Legal Aids Centre Functioning

In 03 blocks we have conducted “Refresher training to 128 active CVC Members on Legal Aids/Legal Aids Centre Functioning” to 107 CVCs members. These training were conducted under the guidance of Legal

Advisor Sri Uday Prakash Singh who discussed on cases, legal procedures and the CVCs Members alliance with Legal Aid Centres functioning in 04 blocks in the district.

- The result is that the community members have started going to Legal Aid Centres and 05 cases have been identified by them and the Legal Aid Centres are now taking necessary action.

Training to 40 -40 youth on Dress Making and Beauty Culture & Healthcare

Vocational skill training to 40 youths in Dress making and 40 youths trained in Beauty Culture & Healthcare. These youths are from 32 intervened villages of 4 working blocks.

[Vocational Skill training to Youths on Dress Making and Beauty Culture & HealthCare]

Life Skill Education in Govt. Schools

Life skill education conducted among 716 students (362 boys, 354 girls and 75 teachers) in 9 schools of 4 blocks. It focused health and nutrition, reproductive health and sanitation, convergence with welfare schemes and skill training for income generation activities alongwith school education.

Bal Sansad & Meena Munch Meetings

To give voice to children and disseminate the same through Bal Sansad and Meena Munch platform to convey to the education department, health officials, and child protection committee for assuring healthy system towards child rights. 332 children participated in Bal Sansad and Meena Munch meetings.

Impact:

- Life Skill Education has created an environment in the school where the child get the chance to know about their safety
- The parents of the children are happy that their children are talking about Life Skill Education conducted in schools and in case any student is absent for some time they visit them
- The children have come to know about the functioning of CHILDLINE – 1098 FREE Phone facilities
- The students got the chance to become the members of Bal Sansad & Meena Munch and their leadership ability increased
- Day by day the students are vocal and enthusiastic to gather knowledge condition of child labour, human trafficking and good touch/bad touch etc.

Rescue & Restoration and Follow-up & Support Activities

April, 2019 to March, 2020

Legal Aid Center Support in four blocks

Number of cases taken up

- **Case No: 1 On dowry:** A case filed under CRPC Act 125 by the victim. Legal Aid Centre did tremendous effort and through District Legal Service Centre Case filed and the woman won the case. Now she is getting Rs.1000/- monthly compensation and this case is ongoing

- **Case No. 2 Trafficking Case:** This case was mitigated by Sarpanch of Lakhaura Panchayat who gave notice to trafficker. Trafficker responded quickly and requested Sarpanch to settle the matter. He is ready to pay compensation of Rs. 8000/- as decided by Gram Kachari. The compensation was paid and the case resolved.

- **Case No: 3 Illicit Liquor selling in the village:** CVC Sarsaula filed a case in Gram Kachari regarding ill-legal selling of liquor in the village by three person who were named. Sarpanch Saira Banu served notice to those three, and in their presence heard the case and unanimously decided to fine all three Sellers and since it was their first ill-lawful act, so they have to sign bond assuring not to conduct such incidence again. Those three accepted guilt and signed bond to refrain from such activity.
- **Case No: 4 CVC Bichla Tola:** A case filed by mother of child labour of Sarsaula in Gram Kachari regarding non-clearance of wages to her child who was working in Bag Making Factory, Chamra Bazaar, Kachra Wala Gali, Mumbai. LAC member and CVC member jointly requested Sarpanch to send notice to the said factory saying if the owner did not send back dues wages of the child and sort out matters FIR along with legal notice will be served. The factory immediately paid Rs. 20,000 in the account of child mother.

Convergence with Government Schemes

Through LACs Convergence with Government Schemes and the community has been benefitted:

S.N.	Govt. Schemes	Applied	Received
1	Water & Sanitation	390	163
2	Old Age Pension	37	21
3	Ujjwala Gas Connection	582	502
4	Labour Card	868	584
5	Dress Money	980	833
6	Scholarship	770	654
7	Ayushman Bharat	528	385
8	Enrolment in Schools	464	464
9	Ration Card	7225	3905
10	PM Jandhan Yojana	212	55
11	Garib Kalyan Yojana	1974	1614

Action Research Group's Meetings

We are continuing holding meetings with the Action Research Groups, although it was not mandatory but we have seen the gradual progress of ARG Members leading the community to a right direction.

For example; Intergeneration Bonded Labours of Kataha village, Motihari Block, practically the whole community was bonded labours in brick kilns. In 2018, the labourers got flexibility to work outside the brick kiln. Some labourers came to Motihari town to work as construction labourers, some worked on repairing hand pumps. Then demand for right wages came up and today they are getting their right wages against production bricks. In the first quarter 16 families repaid back their loan amount and freed themselves to either work in agricultural fields or work in brick kilns. Some of the adults migrated to other states and earned a lot. The children are going to schools.

The 50 family's women have joined JEEVIKA Groups and they have received loans for enterprise development. Rearing of goats, seeking government schemes and after receiving vocational training 7 women is producing lac bangles whereas 5 women are doing dress activities. Hence, economically the families of Kataha village are strengthened and strengthening.

[Discussion on Significant policy/Regulations Changes]

Interface Meeting on Child Protection

An “Interface Meeting with the Social Welfare, Labour and Health Department” was organized at District Headquarter, Motihari. On this occasion Hon. Promod Kumar, Minister of Art and Culture graced the event and Dr. Satyendra Kumar Singh in the inaugural speech narrated the roles of NIRDESH & Other FF Partners regarding their initiatives and strategies for the protection of children not only in East Champaran district but in other districts of Bihar and how FF Partners under the banner of Human Liberty Network working for rescue, home verification, restoration, children profiles and providing legal support for reintegration to survivors families. He

mentioned about delay in providing **“Rehabilitation Packages”** to survivors and the function of Orchestra (Dance Troops) in the district in which the minor girls from different states are engaged and they are exploited mentally, physically and economically.

The members present in the event took this issue very seriously and Sri Promod Kumar Ji and other officials discussed on this point elaborately and took decision to make changes in the strategic structure in the district and involve the administration to immediately take necessary action and he promised that he will write an official letter to Hon. Nitish Kumar, Chief Minister in this regard to form a special team for taking necessary actions.

After this Meeting following actions were taken:

- i. Meetings with Police officials
- ii. Meetings with officials dealing with child protection issues
- iii. Meetings with Police officers in the blocks specially dealing with the issue of functioning of “Orchestra” and keep an eye that minor girls are not engaged
- iv. The CVCs Leaders shared their activities in the 04 block and how they are restricting movement of traffickers and prohibiting them to enter in their village, taking strong actions regarding recruitment of children and adolescent girls to work as child labour and domestic work

Other Changes

- Mahila Police Thana began functioning and in the blocks all the police thana was given instruction to protect children
- Raid and rescue of children by District Dhawa Dal
- CVCs Leaders consented to take part in raid and rescue
- Emphasis given to form “Child Protection Committees” at Ward Level

Empowering and Strengthening Communities

The CVCs Members from 32 villages of 04 blocks received training on rescue, rehabilitation and convergence of survivors’ families with government schemes and services. There were 65 CVCs Members who received training. After the training in the monthly CVCs Meetings the members took decision on the following child related issues:

- i. Regularly Monitor children going to schools
- ii. Education is given to the children
- iii. Mid-day meal quality and regularity to maintain

- iv. To ensure that the Government Schemes and Services reaching to children
- v. The teachers are regularly attending schools

The CVCs leaders met with the teachers and shared with them about their intention to assist the schools to run properly. They contacted the members of “Schools Management Committee Members (SMCs)” and volunteered to participate in SMCs meetings. They regularly contacted the “Tola Sevak” to see that all the children are going to schools. They met individual guardians that they should regularly send their children going to schools and enquired about the scholarship fund and dress money received by them. They asked Tola Sevak to prepare list of children who are not receiving scholarship fund and dress money.

The result was that during the Lockdown (COVID-19) the mid-day meal money was sent to children towards

Two batches training started on mushroom cultivation in January and it completed in March, 2020. Total 44 young girls and women had received the training. All the trainees learned the technique to grow mushroom at

home and the process to prepare beds for growing up mushrooms. The resources persons were from “Krishi Vigyan Kendra” Piprakothi, East Cahamparan. Family consumption and as well as marketing of mushrooms in the local markets were checked and verified. The produced mushrooms both raw and dry could be sold in the market.

Advocacy & Networking with line department

Advocacy meetings in district level, block level and Panchayat level continued. After the interface meeting with the Social Welfare, Labour Department and Health Officials we started the work in full swing and many meetings were conducted at block, police, social welfare department and labour department. In the middle of March, COVID-19 changed the overall situation and our involvement were concentrated more for the families who lost their jobs during the total lockdown. We had to endure that the families get rations and the particularly those families which have not ration cards.

For this we had conducted series of meetings with the Panchayat Mukhiya, Block Level Officials and District Health Department for providing food for the families having no access to food, and medical care. We began sensitizing on the issue of COVID-19 through phone, and whenever got chances to meet the officials maintaining distancing for provision of food for the families. It is good to see that as promised by the Central Government free rations were provided and for this, we had to assist the Mukhiya and Ward Members for identifying families who deserves such facilities.

For issuing new ration cards we tied up with JEEVIKA and filled forms for the families. Total 7225 applications submitted for rations cards and 3905 families received new ration cards and the remaining 3905 families will receive ration cards soon.

Challenges:

- COVID-19 has suspended all activities to implement properly
- Scarcity of food due to unemployment
- Community people are frightened about contamination of the disease and careful about new persons entry to the villages
- Mental pressure, economic downfall and medical care for the pregnant women and vaccination problem
- There were many migrant labourers were stranded at the cities, railway stations, quarantine centres and became penniless. It was very difficult to console the family members.
- Restricted movement and travel
- Could not conduct meetings or discussion for managing the situation
- The villages, cities and individuals became isolated

Empowering Women is Empowering Nation

Men and women together make a family and families constitute societies. The woman, whose status and role traditionally was well defined and almost fixed in the society, is now influencing the course of social change in society so much that society has started recognizing the individual identity of women and her engagement in the betterment of society. She is believed to have her aspiration, abilities and qualities as a man does have and it is also agreed that she should have the opportunities to develop her faculties and to express them according to her own choice. Young educated girls are getting engaged in a profession of her choice. We need more doctors, engineers, software developers, and social workers. The world cannot grow at good pace unless women come forward and take initiative for the development works. They can contribute enormously in the field of health care. Women's interest and participation in social life is increasing. This development is also the result of women's education and secularization of social values. Women are participating in social organizations and are developing taste for leading a life of social involvement. It is the time to empower women for complete abolition of social practices such as dowry, female infanticide, permanent widowhood, child marriage and the worst domestic and sexual violence. Like many other organizations, NIRDESH is shouldering with the Government for abolishing social evils and enhance economic position with value addition to women.

NIRDESH as women centred organization, introduced various women empowerment programmes at every stages beginning with women SHGs/Cluster/Federation institutions as platform for multi-sectoral activities, through which thousands of women involved in Local Governance and converged with multi-sectoral programmes to have easy access to liked services to rest of the women communities. Women have realized their roles and responsibilities in households/communities playing dynamic role to different interventions such as holding Ward Sabha, Gram Sabha, Bi-monthly Panchayat Committee Meeting, interface/convergence meetings with Health Functionaries, Education Functionaries, Monitoring of HSCs, PHCs, DH, Schools, AWCs and VHSND and Social Audit of village level institutions. These emerged leaders facilitated in constructions of rooms in schools, separate toilet for girls and boys in schools, constructions of lanes/pavement to join hamlet pockets to main roads, installation of hand pumps, etc. they ensured that girls were regular in classes and retention rate increases. They also ensured that RH and FP services were properly provided to deprived women. Some of the visible impacts so far have seen are being narrated under different heads.

ICDS- Anganwadi Training Centre

Integrated Child Development Services (ICDS) is the flagship programme of Ministry of Women & Child Development, Government of India for child care reaching out to 71.22 million children below 6 years and 14.83 million expectant and nursing mothers from disadvantaged community. Under the ICDS programme, Anganwadi Centres (AWCs) are functioning for providing services (Supplementary Nutrition, Pre-school education, Immunization, Health checkup, Referral services and Health & Nutrition education) through AWWs. It contributes to the achievement of major nutrition and health goals. The job functions of AWWs and other functionaries have been redefined to make them more relevant to the needs and aspirations of women and children. Some of the newer job responsibilities of AWWs which need special mention are, strengthening of advocacy, communication & social mobilization for survival-protection and development of young child especially girl child, early detection and prevention of disability among children, integrated management of childhood illness, enlisting adolescent girls, health & nutrition education to adolescent girls, life cycle basis of interventions & improving quality of service delivery & management.

Objectives /area of interests of the ICDS Scheme –

- To improve the nutritional and health status of children in the age group 0-6 years;
- To lay the foundations for proper psychological, physical and social development of the child;
- To reduce the incidence of mortality, morbidity malnutrition and school drop-out;
- To achieve effective co-ordination of policy and implementation among the various departments to promote child development; and

- To enhance the capability of the mother to look after the normal health and nutrition needs through nutrition and health education

NIRDESH in collaboration with Directorate of ICDS, Bihar is running 02 Anganwadi Training Centres since 2004-05. The main task of AWTC is to conduct training of AWWs and AWHs through job training courses and refresher courses. The inputs given in the job training courses are very intensive in the area of Child Development, Health and Nutrition, Community Participation and Management of AWC. **In current financial year, 262 AWWs (Sevikas) from 05 districts namely, Sitamarhi, Siwan, Gopalganj, Bhagalpur and Madhubani trained in Job Course towards preventive and curative measures of the targeted beneficiaries (0-6 years children, adolescent girls, pregnant and lactating women).** Since inception of 2 training centres, we have trained a total of 19655 AWWs.

HANS MMU-Improving Health of Mother and Child

Mother and child health care is the serious problem of Purbi Champaran district as reported in the National Family Health Survey 2015-16. The reasons are many such as lack of facilities and resources in health service centres, ignorance of frontline health workers, lack of knowledge and sensibility of community in health care, poverty and illiteracy. Most of the poor rural communities are unable to take health care services due to non-paying capacity. Such rural communities first has to arrange money from landlord at high interest to get health care services and thus become debt bondage. Mother and child are either not getting proper and timely health care services or they ignore to take timely health care services from the service points/institutions. Complete ANC, complete PNC, complete child immunization, intake of 100 days folic acid tablet, institutional delivery are very poorly utilized. So also balance diet of mother during pre & post-natal care are alarming which had made 67% or more anemic while child malnutrition's are higher.

RMNCH+A approach to improving maternal and child health **describes the most essential health preventive, promotive and curative interventions and packages of services across various life stages which when delivered to scale will provide maximum gains in terms of saving lives and improving overall health status of the community.**

To improve maternal and child health, the project is implemented in 15 villages (8 villages in Motihari block and 7 villages in Chouradano block) of the district with a Single Window System of services at the doorstep of the vulnerable communities.

Goal : Living a healthy life of rural vulnerable communities

Objectives:

- To provide essential health care services free of cost to the vulnerable communities
- To break myths, social and cultural stigma (Behaviour Change Process) in order to access quality health services
- To provide them medical diagnosis and medicine support to treat their ailments.
- To provide pathological support for proper diagnosis and treatment.
- To ensure better coordination among ANM, AWW, ASHA and PRI at community level and health, ICDS, education, PRI & PWD at block and district level
- Inculcate them the habit of taking locally available nutritious food, use of toilets and safe drinking water
- Encouraging community, line departments on strengthening the monitoring of all types of health services

Category of Patients clinically examined and treated by doctor

Pregnant Mothers	Lactating Mothers	Child	Adolescent Girls	Others	Total
1593	1528	2669	1404	768	7962

Category of pathological test conducted

Blood group	Hemoglobin	HIV test	VDRL test	Blood Sugar	Hepatitis B & C	Total
1616	1781	1234	1169	504	1065	7369

Category of clients counselled through group and individual communication

Pregnant Mothers	Lactating Mothers	Adolescent Girls	Guardian	Others	Total
1972	1878	1577	898	513	6838

Health Indicator Changes

- Behavioural Changes – enrolment of pregnant women in AWCs
- Consumption of Iron/ Folic Acid Tablets for 100 days is increasing
- Haemoglobin, HIV and VDRL tests undertaken by Pregnant Women
- Routine medical check-up by Pregnant Women
- Institutional delivery is increasing
- Increased in nutritional supplements
- First one hour breast feeding culture developing
- Increased immunization of Pregnant Women and Infants
- Increased understanding of adolescent girls on menstrual cycles, use of sanitary napkins & immunization as well as treatment

Health Impact

- 7962 individuals in all categories treated through camps and improved their health condition (3121 mothers, 2669 child (0-5) years, 1404 adolescents majority girls, and 768 other ill patients)
- 1616 individual know their Blood Group
- 1781 mothers know their Haemoglobin status
- 1233 pregnant women do not have HIV. 01 mother found HIV+. Registered in ARTC.
- 1169 pregnant women do not have VDRL/syphilis
- 504 persons aged 35+ do not have blood sugar
- 652 adolescents & young children and 413 pregnant mothers do not have Hepatitis B & C.
- 768 Elderly persons treated against illness and recovered health

Targeted Intervention Project (TI)

It is estimated that more than 90% of HIV transmission in India is related to unprotected sexual intercourse or sharing of injecting equipment between an infected and an uninfected individual. Much of the HIV transmission in India occurs within groups or networks of individuals who have higher levels of risk due to a higher number of sexual partners or the sharing of injection drug equipment. To combat HIV transmission among such community Targeted

Intervention Project has been introduced by NACO and within states the role has been designated to State AIDS Control Society. **NIRDESH has partnered with BSACS for implementing the project in East Champaran & Shivhar districts from February, 2015 among targeted 500 FSWs and 100 MSMs. Presently there are 642 active FSWs categorized as 346 home based, 44 street based, 196 lodge based and 56 others and 114 active MSMs are 44 kothis, 13 double decker, 6 hijra and 51 others.**

Targeted interventions for HRGs offer a “package” of services which are outlined below.

1. Outreach and Communication
2. Health Services
3. Creating an Enabling Environment
4. Community Mobilization

ANNUAL PERFORMANCE REPORT

Indicator	Target	Achievement	Remarks

[Community Health Camp]

[Additional director, BSACS Reviewing Program with Staff]

Link Worker Scheme: Controlling HIV/AIDS Epidemic

Link Worker Scheme is a programme to reduce HIV/AIDS epidemic to zero in the country. The scheme sponsored by BSACS started in Darbhanga district from January, 2012. One of the Key Salient features of LWS aims to enhance Community Participation, building a sense of ownership and takes in it to enable the scheme to be sustained beyond the programme. The report describes the progress ending March 31, 2019. There are 607 HRGs, 679 Truckers, 32717 Migrants, 249 (PLHIV & CLHIV), 2334 ANC mothers, 715 TB suspected and 28134 other vulnerable. Thus total male population at risk are 33916 and female low risk bridge population are 27192. To mitigate risk of HIV/AIDS in the district and to facilitate health services to them 20 block/district level advocacy meeting, 45 stakeholders meetings and 187 community events have been arranged. Moreover, 16 health camps organized, 1028 on board volunteers mobilized community and supported clients in visiting ICTC/FICT.

ANNUAL PERFORMANCE REPORT

S. N.	Component	Target	Achievement	Remarks
1	% of HRG contacted by LWS team for one-to-one or one-to-group session	607	100%	No. of HRG (536 FSW, 47 MSM and 24 IDU) contacted

18	TB screening and HIV testing	715	100 %	Out of 715 suspected TB client 713 screened for TB and tested for HIV

Vihaan Care Support Centre Programme

‘Vihaan’ is a GFATM (Global Fund to Fight AIDS, Tuberculosis and Malaria) Round 4, Phase II Grant program being implemented by India HIV/AIDS Alliance through Sub-Recipient (SR) and Sub-Sub Recipients (SSRs) in 31 districts of India. This program runs in 31 states as part of the national effort to improve treatment outcomes and meet the needs of the People Living with HIV (PLHIV) and mitigate the impact of the epidemic in India. The overall goal of the programme is to improve the survival and quality of life of PLHIVs.

NIRDESH is implementing Care, Support Centreat Motihari (East Champaran, Bihar) since June, 2013. **Care, Support Centre** is responsible for strengthening family and community care through psycho-social support to the individuals, more particularly to the marginalised women and

children affected by the epidemic, improving the availability, accessibility and affordability of ART treatment to the poor, promote high level of drug adherence (95%) and address stigma and discrimination associated with the epidemic.

Regress mobilization and psycho-social counseling of people living with HIV, enable them high level of drug adherence and regular visiting to ARTC for other mandatory services. As part of activity, tracking of lost/missed cases, initiated clients on ART and newly initiated clients, follow up clients, newly follow up clients, TB screening, on ART LFU, on ART Miss clients are followed by follow up on regular basis. Core activities included regular small group meeting with clients, advocacy & networking with stakeholders, client linkage with welfare schemes, coordination meeting with ARTC, ICTC/PPTCT, TB Deptt. for providing quality services to the PLHAs and reducing stigma and discrimination cases through Discrimination Response team. Jharkhand Tribal Empowerment and Livelihood Project

Jharkhand Tribal Empowerment and Livelihood Project jointly supported by IFAD and Jharkhand Tribal Development Society is implemented in 30 blocks of 14 districts of the state. The project is implemented among Tribal populated 136000 families spread over 1258 villages of 165 Panchayats for 8 years to enhance their living status. NIRDESH as a FNGO is implementing the project in Taljhari block of Sahibganj district and Boarijore block of Godda district with effect from 16th March, 2015. In Taljhari block 05 Panchayats (Taljhari, BhatbhangaSanthali, Brindavan, Sagar bhanga and Bada Durgapur) there are 93 villages (PVTG-41 and ST-52) with 5343 families. In Boarijore block 05 Panchayats (Lilatri-1, Dumriya, Kusumghati, Devipur and Bada Amarpur) there are 116 villages with 7057 families (4020 ST families and 3037 PTG families). Out of 116 villages' 62 villages are Primitive Tribal Group. The annual report presents the progress made in two districts.

Objectives

1. Empowerment of Gram Sabha/Community Based Resources
2. Management of natural resources of tribal and poor families for their food security and increasing cash saving
3. Improvement in living status of deprived (women, landless, marginal farmer and primitive tribes)

The report narrates outcome of Tribal Empowerment, Livelihood and Development of Community Structures. **Main Component of the project are as follows-**

1. Community Empowerment
2. Integrated Natural Resource Management
3. Livelihood Support
4. Project Management

Project Progress at a Glance

1. Community Empowerment

Activity	Formed	VDF/Seed Capital Received (Number)	VDF/Seed Capital Received (Amount)
GSPEC/VDF	182	182	35100000.00

SHGs	449	313	5930000.00
Youth Groups	50	40	1800000.00
Functioning of Gram Sabha	In the designated blocks of 2 districts regular Gram Sabha has been held where work review has been done and new projects/beneficiaries under different welfare schemes selected and approved.		
Functioning of GSPECs	All 182 GSPECs are functioning well and through monthly meetings project progress are reviewed as well new project proposals are prepared with technical support of rural engineer (watershed development). They have facilitated in construction of ponds, irrigation wells, shallow wells, fruit tree plantation, rabi, kharif and garma cultivation and vegetable cultivation. They facilitated in supply of irrigation pump, spray machine and solar lights etc.

[SHG group meeting]

Jan ShikshanSansthan, Motihari

Jan ShikshanSansthan (JSS) presently supported by **Ministry of Development, Government of India** is conceived as an institute for conducting vocational skill and up-gradation of skill among youth, women and men for sustainable income either through self-employment or employment.

OBJECTIVES

- To improve the occupational skills, living skills and technical knowledge of the neo-literates to the age group 15-35 male & female and to raise their efficiency and increase productive ability.
- To provide academic and technical resource support to Zila Saksharta Samiti in taking up vocational and skill development programmes for neo-literates in both urban and rural areas.
- To serve as nodal continuing education centres and to coordinate, supervise and monitor education centres/nodal centres.
- To organize training and orientation courses for key resource persons, master trainers on designing, development and implementation of skill development programmes under the scheme of Continuing Education for neo-literates.
- To organize equivalency programmes through Open Learning Systems.
- To widen the range of knowledge and understanding of the social, economic and political systems in order to create a critical awareness about the environment.
- To promote national goals such as secularism, national integration, population and development, women's equality, protection and conservation of environment etc.

[Trainees learning Health Care & Beautician]

[Certificate Distribution to trainees on Women Day]

The Hunger Project: Strengthening Elected Women Representatives (EWRs) and Federation to Enforce Human Rights of Marginalized

NIRDESH is having more than 16 years partnership with ***“The Hunger Project”*** to empower Elected Women Representatives (EWRs) of 04 blocks of Muzaffarpur district, Bihar viz. Kanti, Marwan,

Saraiya and Motipur covering 97 Panchayats year by year. This project intends to Enhancing Constituency Building of EWRs and Strengthening Women's Political Leadership in Local Governance. The project proposes to empower Elected Women Representatives (EWRs) of Kanti and Marwan blocks this year so that they become capable to deliver their roles and responsibilities effectively and to deliver welfare scheme benefits to the bottom line communities. The project covers 35 Gram Panchayats of above 2 blocks.

[EWRs participating in Need Based Workshop]

[EWRs Cluster level Federation Meeting]

January, 2020 to March, 2020

ACTIVITIES	OUTCOMES	PARTICIPANTS
Need based Workshop	2 batch	68
Cluster Level Federation Meeting	01	37
Ward Sabha to prohibit Child Marriage	15 wards	375

Significant Achievements:

- Gram Sabha has taken resolution to prohibit child marriage in the panchayat
- Women community along with EWRs are complaining of Women violence on toll free number 181 and girl child on 1098 and seek help. Panchayat body actively resolved domestic violence issues.

Bapudham Milk Producer Groups Skill Building Training

Bapudham Milk Producer Company Limited (BMPCL) is a business enterprise owned and controlled by user members based on mutual assistance principle. It is carrying out the business of pooling,

purchasing, processing and marketing of milk of its members. Milk producers of the rural areas of Bihar are its members. The MPC is having a large membership base. New producers in the villages are oriented on activities of the MPC and their roles and responsibility as a member. For this purpose awareness programs has been conducted in villages where MPCL is functional.

To carry out the awareness program and to provide technical trainings with inputs of the advantages to be the member (as milk producer) of BMPCL, its value added services, NIRDESH partnered with assurance for quality deliverables.

1. Objectives

- a) Impart correct and complete information to the community and particularly women about BMPCL as the best source of becoming member for sustainable income, secured life and empowerment
- b) Technical inputs to manage animals- food management, shelter, care, illness treatment, conceiving and care, hygiene etc.
- c) Technical training on how to achieve quality and clean milk production methods
- d) Utility of pure milk and disadvantages/drawbacks of water added milk
- e) Making assured income, better profit margin, and value added services from BMPCL

2. Task

- i) Awareness / Orientation Training to Producer and Potential Producer member -3000
- ii) Awareness / Orientation Training to Producer member for Quality and Clean milk production-3000
- iii) Awareness / Orientation Training to Women for milk production-2000

3. i Deliverables

- **3000 producer and potential producer members convinced to integrate his household milk business with BMPCL with commitment to;**
 1. Pour all surplus milk of his household to the MPC throughout the year
 2. Subscribe share capital in proportion to annual milk supply to the MPC
 3. Supply quality milk to the MPC regularly and timely
 4. Avail the services of MPC and provide timely feedback to improve the services.
 5. Provide complete, correct and timely information to MPC
 6. Disseminate correct information to villagers about the MPC and discourage spreading of rumors against MPC
 7. Encourage other milk producers of the village to become members
- **3000 Participants recognized the need to strengthening MPC business and commit to cooperate with VCG, MRG, Sahayak and LRP at MPP level;**

1. Keep abreast with information pertaining to VCG, MRG, Sahayak and LRP attached to the MPP
2. Give time and participate in training and other programmes organized by the MPC
3. Keep abreast of membership related decisions of the company and major activities and events of the MPC
4. Recognize MPC business as his own business and take action to strengthen the same

3. ii Deliverables “Orientation training for Quality and Clean milk Production” delivered the followings from 3000 participants

1. Producer member could recognize the importance / need of quality in milk and clean milk production
2. Producer member could clearly explain the factors / reasons affecting quality of milk
3. Producer member should have consented that they will never add water in milk and explain the disadvantages of adding water, mixing carry over milk in fresh milk and colostrums milk with good milk

3. iii Deliverables “Awareness Programme for Women for milk production”-2000

Women have been grazing, feeding and caring animals from generations because they are house-makers. They love animals wholeheartedly. She has great skill in animal husbandry. To them animal rearing is a mixture of devotion and immediate source of income. Moreover, apart from feeding milk to children, she sells milk on daily basis and meets out day to day expenditure. Still women are not engaged in the family decision and financial management.

1. Important role of women in animal husbandry- grazing, washing, feeding and caring
2. Importance of women getting enrolled as members of the MPC because women are more trust worthy, reliable and sensitive to growing family income
3. Need for their involvement in operation and governance of the MPC

Type of Beneficiary	No. of Batch	Total Trained Beneficiary
Producers Awareness Programme (PAP)	75	3000
Clean Milk Production Awareness Programme (CMP)	75	3000
Awareness Programme for Women for milk production (WAP)	50	2000
